Dear

Aletheia Christian Academy is an institution that holds a very special place in our family's life. Our children have been attending school there for several years and have been greatly blessed academically, socially, and spiritually. The teachers are loving, the curriculum is aggressive, and the atmosphere is Christ-centered. This type of Christian education is not cheap, and the budget is always tight. In spite of financial constraints, this school works hard to try to provide a way for all seriously interested families to be able to afford to send their children to Aletheia. One of the ways this happens is through the ACA G.R.A.C.E. (Giving Resources and Aid for Christian Education) Fund Program.

I am grateful to say that my children have been blessed recipients of the scholarship fund. Without this assistance, it would be financially impossible for our children to attend Aletheia and receive academic excellence taught with a Christian worldview.

As a participant in the scholarship program, we are asked to send letters to family and friends whom we believe might be willing to invest in this program. If many give some, the outcome is multiplied....and in this case... more young people can have a chance to attend a Christian school and develop a strong foundation for a purposeful life. All contributions to the Aletheia G.R.A.C.E. Fund are tax deductible.

Donations, or more accurately... investments, can be mailed with this letter to the address above and marked for the G.R.A.C.E. Fund.

We deeply appreciate your consideration of this important request.

Sincerely,

(All information below will be used only to acknowledge your gift with a charitable gifts letter for tax-deduction purposes.)
